#### Personal Profile

I am a dedicated student with a passion for AI, automation, and IoT technologies, currently pursuing my degree in Bachelor of Information Management(BIM). Throughout my academic journey, I have developed a foundational understanding of python programming, machine learning concepts, and data analysis. I have explored libraries and tools such as TensorFlow, Keras, Scikit-learn, Pandas, Matplotlib, and Django framework through coursework, and I am excited to deepen my knowledge by gaining practical experience in the field. My long-term ambition is to contribute to the advancement of AI and IoT automation in Nepal, with a particular interest in creating voice-controlled systems that can enhance daily life and improve efficiency across industries. I am driven by the potential of AI to transform industries and empower individuals, and I aim to play an active role in shaping the future of technology in my country. I am eager to apply my skills in real-world projects, collaborate with professionals, and continue learning in dynamic environments. My passion for problem-solving, combined with my desire to make a meaningful impact through technology, motivates me to continuously seek opportunities for growth and innovation.
